## Work experience

### Web Designer

ASOCREA, Cali

June 2023 - July 2024

As lead designer at Asocrea, I led the creation of their visual identity, including logo design, banners and the complete structure of their website. In addition, I developed and implemented strategies for the launch of their social networks, boosting their online presence and improving interaction with users.

### UI / UX Designer

Gases de Occidente, Cali

February 2024 - June 2024

As designer of the 'Cloudtrack' platform for Gases de Occidente, I optimized the management of documents, logs and multimedia, facilitating collaboration between different roles in construction projects.

## Education

### Undergraduate Interactive Media Design

Universidad ICESI, Cali

2021-2025

### Advanced english

Language learning center Learn English, Cali

2020

### English courses

Cultural center Colombo Americano, Cali

2019

### High School

Colegio Andino, Cali

2019

## Extracurriculars

### Guinev member

Interactive Media Design student group

June 2021 - July 2022

I was a member of Guinev, where I designed content for social networks and welcomed new members. I also largely managed the organization of video game tournaments and actively participated in improving the university environment for students of the career.
